**REQUIREMENT OF ALLOWANCE UNDER 37 CFR §§ 1.801-1.809**

The Deposit Statement filed November 23, 2004 is deemed in accordance with 37 CFR §§ 1.801-1.809. Therefore, no 35 USC § 112, first paragraph rejection has been maintained even though it is apparent that XB31U04 soybean seed is essential to the claimed invention and that the deposit is necessary for an adequate written description and enablement for the claimed invention.

Since the application is otherwise in condition for allowance except for the needed deposit of XB31U04 seed and since the Office has received written assurance that an acceptable deposit will be made on or before payment of the issue fee, the Office is authorized to mail Applicant a Notice of Allowance and Issue Fee Due together with a requirement that the needed deposit be made within THREE (3) MONTHS of the mail date of this letter (see 37 CFR § 1.809(c)).

Under 37 CFR 1.809(c)(d) an applicant is required to make a deposit of seed within three months after the mailing date of the Notice Of Allowance and Issue Fee Due. The period for satisfying this requirement is extendible under § 1.136, however, failure to make the needed deposit of seeds of XB31U04 will result in abandonment of the application for failure to prosecute. The deposit statement in the specification, and all claims which refer to the instant seeds by name, must be amended to include the deposit accession number. In the instant application claim 1 must be amended to recite the deposit accession number. These amendments should be submitted before the payment of the issue fee as an Amendment After Allowance under 37 CFR 1.312. If the amendment is received after the payment of the issue fee the same should be made under the provisions of 37 CFR 1.312(a) and a petition filed under 37 CFR 1.183 to waive the requirement of 37 CFR 1.312 that the amendment be filed before or with payment of the issue fee, that is, it must be accompanied by a fee in accordance with 37 CFR 1.17(i) and a petition which includes "a showing of good and sufficient reasons why the amendment is necessary and was not earlier presented and why justice requires waiver of the rule"). Finally, the statement of deposit in the specification shall contain:

- (1) The accession number for the deposit(s);
- (2) The date of the deposit(s);
- (3) A description of the deposited biological material sufficient to specifically identify and to permit examination; and
- (4) The name and address of the depository. (See 37 CFR 1.809(d)).

The following is an examiner's statement of reasons for allowance: The claimed XB31U04 soybean seed is deemed free of the prior art, given that the prior art of record fails to teach a soybean plant having all of the physiological and morphological characteristics of

XB31U04 soybean. Note soybean 9581419733880 disclosed in US Patent 6,211,443, which has similar traits, yet has purple flowers instead of white flowers; and a Relative Maturity of 3.9, which differs from the Relative Maturity of 3.1 for the claimed soybean variety. Also note soybean 9422376106692 disclosed in US Patent 5,981,850, which has similar traits to XB31U04 soybean, yet has purple flowers and a Relative Maturity of Group I.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
